

# Les mots de Madame Baggley

**French Grades 5 & 6**

le 9-13 septembre

[bbaggley@pickeringcs.on.ca](mailto:bbaggley@pickeringcs.on.ca)

Welcome back to school! I am looking forward to being your child's French teacher this year. French vocabulary and grammar structures will be introduced through games, songs, and written activities. French classes are held each Wednesday and Thursday. We are off to a great start and I appreciate the enthusiasm the students have for learning a second language.

**Information about quizzes, French vocabulary words, and other updates will be posted here weekly.**

## Grade 5

We have spent this week going over classroom routines as well reviewing names of school supplies, colours, and numbers 1-40. Next week students will be introduced to our new unit, "Souvenirs de ma famille"- a unit about families and activities they like to do together. Students will begin creating a "family cube" that they will present to their classmates. We will also begin to memorize this year's theme verse in French.

## Grade 6

This week in French, we reviewed some of the vocabulary covered in Grade 5 including family words, school supplies, and numbers 1-60. Our first unit is all about collections and will culminate in your child presenting a collection to the class. I have encouraged your child to start thinking about what they will present. In the past, students have brought in collections of shells, rocks, sports cards, Lego figures, stuffed animals, and books. Any grouping of three or more items could constitute a collection. I will keep you updated about presentation dates.
