

# WHAT'S UP IN GRADE 5

April 12, 2024

With Miss Bartello

## Important Reminders

- Monday, April 15 - Book report books must be read!
- Wednesday, April 17 - Battle of the Books competition

### F2 (Reading)

All books for the book report must be read before Monday. All students should be working on the rough draft of their book reports which are **due on Wednesday**. They will have time to complete these in class, but should they need more time, they can be brought home. Please start discussing with your child what food item they'd like to construct and what materials they'll need.

### Spelling

Next week we will be working on when to use double and single letters in spelling. For example, **difference**, **follow**, and **remember**. Words with double letters can cause a spelling challenge. The writer hears one letter, but must remember to write two letters.

### Math

This week we started our unit on measuring rectangles, triangles, and parallelograms. This week we reviewed finding the area and perimeter of rectangles using formulas. Next week we will be identify triangles and learning how to find their areas.

### Science/Social Studies

This week we did research on the Fur Trade, the Seigneurial System, and the French Settlers. Next week we will be talking about the interactions between the settlers and Indigenous peoples before starting our virtual museum projects.

### Bible

Our unit on David will be coming to a close next week with a quiz. Then we will begin our unit on the Divided Kingdom.

### Language

This week we analyzed two different news articles using the inverted pyramid method. We are working towards writing our own PCS newspaper.
