Dear Parents,

On **Friday, June 15th**, the Grade 4 class has a unique opportunity learn about the world of Geocaching. This is an activity that combines technology, recreation, and the fun of a treasure hunt! You can learn about it at www.geocaching.com. While on their exciting geocaching adventure, the students will learn about safe hiking practices, how to care for GPS units, and how to find caches. To finish, they will create their own personal geocache that they can hide this summer!

This outdoor activity will be held within the grounds of the outdoor pioneer village at Markham Museum (Markham, Ontario). We will be travelling by bus, leaving the school around 9:30 am and leaving the Markham Museum around 12:30 pm for the return trip.

Students are expected to wear a **short-sleeved PCS shirt** and black shorts or pants. Students should also wear a hat and put on sunscreen beforehand since we will be outside unless it is raining. We will have a quick lunch there when the geocaching activity is completed so students should bring a water bottle and **disposable** lunch.

If you are interested in joining us for this trip (especially if you weren't able to come to the ROM trip), please email Mrs. Bolton at sbolton@pickeringcs.on.ca by **Wednesday, May 30th**. She will reply via email to give further details.

In His Service,

Mr. Laur and Mrs. Bolton

(Gr.4 Markham Museum-June 15, 2018)

I give _____ permission to participate in the Markham Museum trip on June 15/18.

I do not give _____ permission to participate in the Markham Museum trip on June 15/18.

Yes, I can supervise _____ Parent's name _____
