Dear Parents;

On Thursday, June 16, 2022 (Rain date: Friday, June 17, 2022) the Grade 3 class will be going on a nature hike to investigate soils and plants. This trip coincides with the Grade 3 Science units on Soils and the Environment and Growth and Changes in Plants.

We will be walking to a nearby walking trail to complete a nature scavenger hunt and have a picnic lunch at a local park. We will be leaving the school at 8:45 am and returning by 11:30 pm. Students are required to wear their normal uniform. It is a gym day, so they can wear their red gym shirt with shorts, skorts, or pants. Please send your child with running shoes, hat, and sunscreen.

We do not need any volunteers for this walk.

Please complete the permission slip below and return it to school as soon as possible.

In His Service,

Mrs. B. Holt

I give _____ permission to attend on
