We continue to discuss KINDNESS and what it means to be a 'BUCKET FILLER'. 'Bucket fillers' are happy people who fill 'buckets' every day with good things that they do and the kind words that they say. Everyone has a 'bucket' that is invisible to the eye; when it's full, you feel happy; when it's empty, you feel sad. The key to being happy is the choice you make....will you fill a 'bucket' or be mean and dip and take? 1 Corinthians 13:4 - Love is patient; love is kind.
