April 20- Simple Machine Projects Due

I'd like to bring your attention to an item that was sent home in Friday Folders. Students have received a Simple Machines final project to be completed at home - a small package containing all the instructions is in their folders. Please note that this project is not intended to be a burden. Students are not required to build a simple machine from scratch - there are likely many examples already in your home that they can explore. While creativity is encouraged, the goal is for this to be a low-stress and manageable activity. This activity/ video is due on Monday, April 20.

April Memory Passage

Work unto the Lord.
1 Corinthians 15:58

58 Therefore, my beloved brothers, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain.
