

WHAT'S UP IN GRADE 5 THIS WEEK?

NOVEMBER 3-7 2025

HAPPY NOVEMBER!

Happy November! We had a short but great week in grade 5 this week. I hope that you and your families enjoy the extra long weekend.

Please remember to send your grade 5 student back with their **Friday Folder** and **Agenda** when we return back to school on Monday.

Operation Christmas Child As House groups, we are partnering with Operation Christmas Child to fill and pack shoe boxes. Students are encouraged to bring in items (information sent home last week in Friday Folders). Donations can be dropped off in the front lobby. All items must be in by Wednesday, November 5.

WHAT WE'VE BEEN LEARNING

F2 / LANGUAGE

We have been continuing to work on our **Sequencing** unit while reading the novel *The City of Ember* as a class.

Study sheets are coming home next week in Friday Folders.

In language we are working on Informational Writing and learning to write Newspaper Articles.

MATH

Fractions and Mixed Numbers

Extra practice sheets are being sent home in Friday Folders for students to review equivalent fractions and mixed numbers over the weekend. These do not need to be returned, but it is recommended that they are completed to reinforce the topics learned in class.

The test for this unit will be on **Tuesday November 11**.

SCIENCE

In science this week we continued learning about the three different states of matter, changing between states, thermal energy, and physical properties of matter.

Study sheets are being sent home for our test on **Wednesday November 12**.
