

THE DESRAVINES POST

JK B - Weekly Newsletter - November 10-14

REPORT FROM TEACHER

Hello families,

This month, the JK-B explorers are focusing on Transportation through songs, stories, dramatic play, and hands-on activities. We are learning about the different ways people and goods move: by land, water, and air. The goal is to spark curiosity, develop vocabulary and encourage problem-solving as we investigate how transportation works.

BIBLE

Deep Roots: The 10 Commandments

Memory Verse: Exodus 20:3-17
(Simplified).

LANGUAGE

Phonics: We are focusing on the letter J, and the sound that it makes.

Special Helper: The special helper this week is **Justice**. Please have him bring in something to share on Friday that begins with the letter J. Please view Seesaw for the script.

MATH & SCIENCE

Math: This month we will be focusing on sorting. This week, we will look at sorting transportation vehicles by size, whether they are used on land, water or in air, and more.

Science/Discovery: In science this week, we are looking at how wheels help cars, buses, and trains to move. We will explore rolling, stopping and turning on ramps.

FRIENDLY REMINDERS

Please remember to **empty** your children's Friday/Take home folder and return it back in their bags Monday morning. The folder will contain class work finished or unfinished. Please review the work with your children and complete what is incomplete.

Important dates: November 14: Grandparents Day

Put a smile on: Q: Why did the bicycle fall over?

A: Because it was two-tired! 🚲
